

Mini Group Courses

Our Mini Group Course is perfect for those looking for a balance between intensive learning in the morning and mostly free time in the afternoon – leaving you plenty of time to explore Bamberg and its surroundings and take part in our many activities.

You may also book additional private lessons to make your course more effective!

In addition, every TREFFPUNKT course offers the chance to participate in our unique cultural program, a great way of using your German in a practical way, communicating with Germans or immersing yourself in German culture.

Courses begin every Monday. 1-to-1 tuition can be started at any time including weekends.
